An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Jeremy J. Monaldo on 20 September 2007.

The application has been amended as follows:

Claim 1

Replace the phrase "tangibly embodied in an information carrier" in line 1 with the phrase "embodied on a machine readable storage device".

Claim 15

Insert, after the word "method" in line 1, the phrase "performed by a data processing apparatus, the method".

Specifically, the prior art of record fails to teach or suggest: compile ... to generate a compiled program having instructions to create a runtime data type having a compound structure; create, at compile time, data type definitions for the referenced data types included in the compiled program and known at compile time; execute, at runtime, the instructions to create a runtime data type having a compound structure ...; create a data object ..., as recited in independent claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
